

#prep X Carriage

[JellyBox Build: 05 X Carriage](#) 1.02min

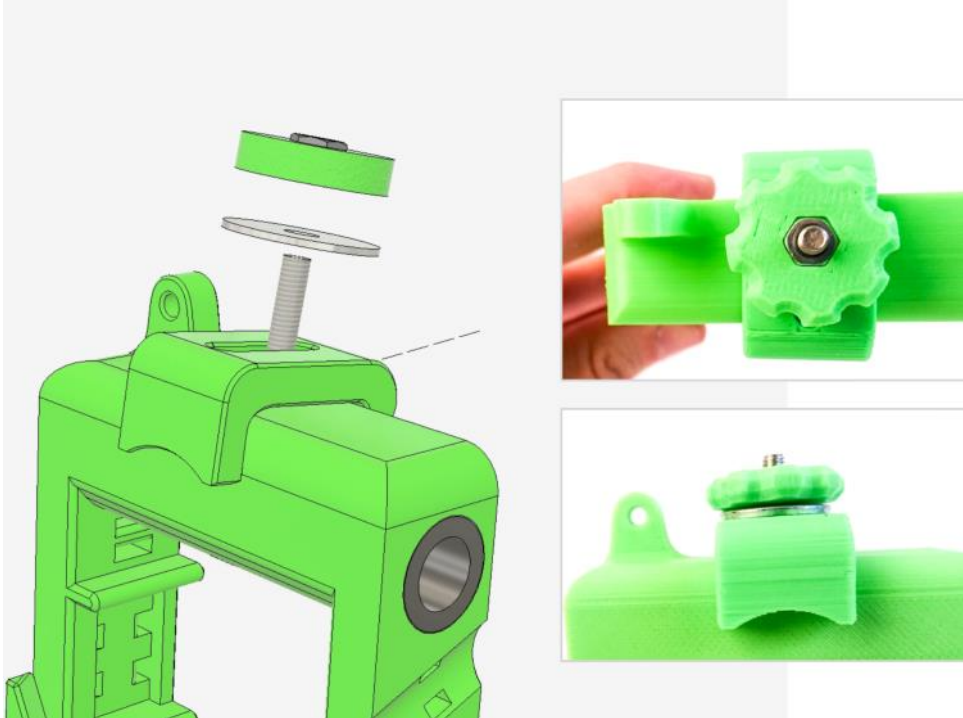

In this video, we build the X-carriage.

Title: You'll Need

- X carriage
- Quick release clamp
- Quick release knob
- M4 oversize washer
- M4x25 hex head bolt

Any hex key

Drive the bolt through the hexagonal hole inside the carriage in upwards direction.
Slide the quick release clamp over the bolt.
Put the M4 oversize washer onto the bolt.
Finger-tighten in place with the M4 knob.
Pro Tip: Use a hex key to hold the bolt in place.
